 	James Anderson 3101 Alicia Drive Wall NJ 07719 Confirmed Last Updated: 9/1/2023	Spring Lake Hts. 610 304-1611 roxandjim@verizon.net Significant Other: Roxanne O'Hearn	

Following graduation from Manasquan, I attended Lafayette College in Easton, PA graduating with a BS in Chemical Engineering. As fate would have it, Roxane O'Hearn attended Cedar Crest College in Allentown, PA, a mere 20 minute ride from Easton. Roxane and I dated through college and were married in June 1973.

After college, I spent six years in product management, applied research and sales positions that used my engineering background. One project I worked on involved negotiating an agreement for the supply of liquid hydrogen to the space shuttle program. That project and a few other "deals" I worked on exposed me to the world of business law and sparked my interest in pursuing law school.

In 1978, I left the working world for 3 academic years to attend Villanova Law School. While there, I served as an editor of the law review, was inducted into the Order of the Coif (a legal honor society) and graduated cum laude. After graduation and passing the PA bar exam, I worked as an associate at a large Philadelphia law firm in the employment law section. There, I worked on matters involving labor negotiations, employment discrimination litigation and pension law.

My time at the law firm provided invaluable exposure to this area of the law but was not really what I wanted to do as a lawyer so I left the firm for an in-house counsel position at a Philadelphia chemical company. There, I was counsel to a business group and was involved in day-to-day legal issues confronted by the group's business leaders. Two years after leaving the law firm, one of the partners of the firm recruited me to take a position as General Counsel to a company in the industry that I worked in before law school. I was happy to return to that industry where I was able to combine my engineering experience and legal training.

After 26 years in that organization as it went through periods of growth, mergers and divestitures -- serving at various times simultaneously as General Counsel, Secretary to the Board of Directors, and Vice President of Human Resources -- Roxane and I retired and returned to NJ.

One other activity of note is that Roxane and I were partners with Roxane's sisters in a successful restaurant, Sisters Cafe, in Spring Lake from 1997 to 2005. Now, not content to just retire, we recently opened Marigold Market & Cafe, a breakfast and lunch restaurant near Hoffman's Ice Cream in Spring Lake Heights.

These days, whatever spare time I have is spent working on our house, playing golf, travelling and drinking wine. Since retiring, we have travelled to Italy, France, Spain, Denmark, St. Petersburg, Russia, The Netherlands, Belgium, Dominican Republic as well as trips within the US (especially to California wine country).

I graduated from Montclair State College in 1972 with a BA in Social Science /Education I earned my Master's Degree in American History from Montclair University in 1987 After graduation I began my teaching career at Brielle Elementary School. I taught 6th, 7th and 8th grade Social Studies. I also coached soccer, basketball, softball and baseball for most of my time at Brielle. I served as the Treasurer, Vice President and President for the Brielle Education Association for over 20 years.

I married Kathleen Marron Aronis in 1976 and together we have two daughters, Susan and Kathleen. We also have three wonderful grandchildren, Brynn, Luke and Addie.

We both retired in 2008 and began spending our winters in Florida. In 2011 we purchased our condo on Marco Island and now we spend 7 months there and 5 months in NJ. My interests are traveling both here and abroad. I love to read, road cycle, skeet shoot, sit on the beach and spend time with family and friends.

After high school, I attended Murray State University in Kentucky and graduated in 1972 with a B.S. degree in Education. I began my career in Graham, Kentucky, a small coal mining town teaching 2nd and 3rd grades. I returned to my home town of Spring Lake Heights, where I taught at Spring Lake Heights Elementary School for 37 years

I was married 28 years to Greg Collins and was blessed to have 2 children, Ryan and Heather. My husband died in 2008.

I retired from teaching, and I have remained active in our community and church! I volunteer at Jersey Shore Medical Center University in the Level One Trauma Center and Emergency Room. I am President of the United Methodist Women at Wall United Methodist Church in Spring Lake Heights, serve as liturgist, as an usher, and serve on the Scholarship Committee as well. I am also an Elk. I travel extensively, love NYC, and Broadway shows. My friends think I could be a professional shopper along with wine tasting!

jbannigan50@gmail.com
Significant Other: Catherine

John James Bannigan, age 70, of Ventnor, passed away peacefully on March 14, 2020 surrounded by his loving family. Born in New York, New York, John grew up on the beaches of Manasquan, NJ, where he graduated from St. Dennis School in 1964 and Manasquan High School in 1968 and held stints at Gee Gee's, The Osprey and the Meadowlands Racetrack (to name a few) and made lifelong friends of over 65 years. John eventually settled outside of Atlantic City to raise his family and pursue a career in the limousine industry, in which he was the owner and manager of several companies, including a loyal member of the Atlantic and later Geiger's Limousines family for over 25 years. John was a hard worker and, at the same time, the life of every party. He would do anything for his many, many friends, who he considered family. He loved winters in Hollywood, Florida, telling a good story (over and over and over again) and was an avid sports fan, including football, golf, horseracing and even local little league, which he followed closely and looked forward to one day seeing his grandkids play. Above all else, John was the proudest father there can be to his "three beautiful daughters" – he was their champion, protector, biggest fan and best friend and spoke about them to anyone who would listen. This was only enhanced by the birth of his five grandchildren, with whom he had only a short seven years, but who made him laugh and love more than even he thought he could. If you knew him, you likely heard him often say "I have three beautiful daughters, I am a lucky man" – but we all know, it was us who were the lucky ones to have him in our presence.

John was predeceased by his parents John Sr. and Teresa Bannigan. He is survived by his beloved daughters Megan, Jessica and Katelyn; his sons-in-law, who he loved like sons, Michael Ott, Bryan McCormick and Alex Sacchetti; his grandchildren John, Liam and Conor McCormick and Max and Madelyn Ott; his sister Susan Bitton of Colorado Springs; and his partner for life Catherine Bannigan – they had an untraditional love and relationship, but never really left each other's side and were always there for each other until the very end.

After earning a Master's Degree in Communications from Trinity University, San Antonio, TX in 1977, Tom and his new bride, Pamela, returned to NJ where he started GreenLight Consulting. He provided insurance brokerage to individuals and businesses for the next 17 years. His daughter, Stefanie, was born the same year (1977).

Gradually focusing more on business, he switched to full-time proposal management in 1994, going to work for Winston Financial Services as Proposal Manager. He is currently Director of Bids & Proposals for Rapiscan Systems Inc., a global manufacturing company in the security industry. For the past 24 years, he has managed over 1,500 proposals that have captured over \$2.5B in revenue. He earned a Masters in Project Management (MPM) and is a "Certified Proposal Professional" (CPP) from the Association of Proposal Management Professions (APMP), one of less than 200 worldwide.

I am a retired United Methodist clergy person happily living in Raleigh, NC for the last 25 years. After graduation from MHS, I attended Mary Washington College where I studied theatre. I went on to earn a Masters Degree in theatre from UNC-Chapel Hill. For 15 years I worked in NC as a non-profit arts administrator directing community arts councils, art centers, children's and community theaters. In 1992 I discerned a call to ordained ministry and enrolled in Duke Divinity School (Durham NC) and earned a Master of Divinity degree 3 years later. I was ordained elder in the UMC in 1997. I served as a parish minister in several local churches in the US and England before accepting a position as the Chaplain of Duke Divinity School where I served as the "pastor to the pastors-in-training" for 13 years. I retired 3 years ago. I also served two sessions as the Chaplain of the NC State Senate, and currently serve the NC UMC Conference's Board of Ordained Ministry as their Chaplain.

Over the years I have made more than a dozen trips to Haiti, leading youth and adult mission teams and developing mission partnerships. I enjoy collecting art and fine craft, sacred choral music, reading, teaching in the local church, I am working on mastering handbells and watercolor painting, I enjoy travel (I spent my last birthday on safari in South Africa), and managing the life of my slightly neurotic cat, Rudy. I am single, or as I prefer to say "independently owned and operated."

I Graduated from the College of New Jersey (then Trenton State) with a B.S. in Industrial Arts and Technology and a Masters in Special Education. Taught for a year and then began an entrepreneurial journey including founding a vocational training workshop for developmentally disabled adults which serves close to 600 persons at 11 locations throughout Eastern Pennsylvania. I co-founded and sold a snack food company to Nabisco and have a real estate management company.

I am married to Barbara "nee" Doscher. We have two children; Jonathan is an Orthopedic Surgeon at Metro Hospital in Cleveland specializing in spine and trauma. Katherine is a Project Management Administrator in Manhattan. Her first love is the stage. We have three grandchildren in Cleveland; Eve 11, Jane 9 and Will 4.

We are active members of Doylestown Presbyterian Church and our community. We established a full scholarship fund at the College of New Jersey. We have a home in Ocean Grove and enjoy being "down at the shore".

Life is sweet...and rich and full. After high school and some college I landed in the restaurant management world for several years. That work led me to outside sales in the food industry which lasted several years. Then I found my niche...in 1987 I graduated from Connecticut Center for Massage Therapy and have thrived and prospered and grown in this work for many years. I am so fortunate to have found something I love so much every day.

Presently I live in Rhode Island on the Narragansett Bay. I love to kayak, bicycle and walk. I travel and am very involved with my spiritual center. My regular spiritual practices include meditation, NVC (Non-violent Communication), and contemplation.

My son lives in Washington DC and I get to spend time with him on a regular basis.

After graduating MHS I met my husband Joseph and was married in 1971. We had 2 sons, J.C. and Steven and I became a stay at home mom until they entered high school. We lived in Maryland where I worked at Jos A. Bank until moving to California in 1998 where I started working with Burlington Coat Factory.

In 2008 my husband and I moved to Las Vegas, NV and I was able to continue working with Burlington. In 2012 my husband became ill and passed away so I returned back to Maryland to be with my youngest son Steven and 2 granddaughters. In 2016 my oldest son JC passed away from cancer. I've kept busy traveling and spending precious moments with my 2 granddaughters.

After high school I attended Boston College before getting married to Don Pyle (Point Pleasant) in 1969. I received an AS in Horticulture from Temple University in 1976 and a BS in Biology from Portland State University in 2004 (pheeew, long road!)

We moved to Oregon in 1976 where we raised four children, Vanessa (1970), Tim (1978), Nicholas (1982) and Alex (1986). Before retiring in 2014, I was a director at Saturday Academy, a non-profit educational organization. My husband retired this past May and we are looking forward to traveling, hiking (me), fishing (him), and spending time with friends and family, including our two grandchildren.

In the last few years, I frequently travelled home to the Jersey shore to be with my mother who was in declining health. During these visits I reconnected with many Manasquan HS friends, which reminded me of how special it is to grow up in a small town and form friendships that last a lifetime. Looking forward to seeing everyone again for the 50th!

After graduation I went on to Monmouth College Graduating with an Elementary Teaching Degree. I then attended Rutgers and Kean University- receiving a Masters Degree in Education as a Reading Specialist and Special Ed. I Taught in Bayville, NJ 14 years. Then taught for 18 years in West Windsor NJ. I Retired in 2013

I married Charles Phillips in 1983 and moved to Freehold to live in the home we built. We have 2 children. Matthew age 33 - He is a prosthetist who designs and constructs prosthetic devices for his patients. Married with 1 son and expecting another child. Eric Phillips age 30 He is a first mate on luxury yachts, was a crew member on Tiger Woods' 165' yacht for 4 yrs. Presently working for another successful yacht owner.

I am a travel agent for Cruises Inc. A world wide travel agency specializing in Oceanic and River Cruises as well as unique land tours, honeymoons, and group travel. I am enjoying travel with friends and family. I traveled to Haiti with Sally Bates in 2012. I took a group of adventurers on a 14 day trip to Alaska and the Yukon. In 2017 I traveled for 10 days to the country of Georgia in a cultural immersion.

My husband and I have a condo in Myrtle Beach, and a lake home in Trenton SC. Next winter we will be on the west coast of Florida boating and hosting snowbirds.

Living in North Carolina for 48 years has been wonderful. As an Elementary School teacher I always enjoyed summers at the beach. Manasquan Beach is still my favorite. Working with children my entire career has been most rewarding, exciting and very busy! I guess that is why I only had one daughter. I have three adorable grandchildren that have been a real joy in retirement.

After getting divorced in 2000, I moved to Wrightsville Beach. I was lucky to reunite with the love of my life George! Together again, just like in High School. We have had twelve great years together and look forward to the next? however many. We have been blessed in so many ways. Time seems to fly by so we enjoy the best of each day. Having our families still in New Jersey brings us back several times each year. "Life is a Beach" certainly fits us!

Last Updated **1/13/2023**

Significant Other: **Cynthia**

Raymond Eugene Heulitt of Milton, Delaware, born in Manasquan, New Jersey, passed away on January 5, 2023 at the age of 72.

Ray was born March 27, 1950, in Manasquan, N.J., He was a graduate of Manasquan High School and attended Bloomfield College. He lived in New Jersey for almost his entire life but settled in Milton DE for his final years.

Ray leaves behind his loving and faithful wife of 52 years, Cynthia; his daughter, Deena Harmon and son, David Heulitt

For more than 25 years, Ray was a successful entrepreneur, owning and operating Control Sales Inc., a company based in Wayne, N.J., focused on helping businesses of all sizes measure detailed indicators of mechanical performance, such as liquid level, flow, and viscosity. This type of work was a testament to Ray's relentless curiosity for all things mechanical. An engineer at heart, Ray was a lifelong student of the world around him, constantly figuring out how things work and educating those around him.

An undeniable patriarch, Ray's greatest passion in life was his family. He had no greater joy than spending time with his family, educating them on the world and what was possible for them, with his own personal brand of humor. He especially loved participating in as many bands or music-related concerts and events as possible, Many times, Ray's life lessons took place on the family's cabin cruiser boat, swimming in their pool during family barbeques, or together on family vacations, He was also a HAM Radio operator (WB2KHI).

Robin H. Brandon "Bini", age 72, passed away on Saturday, December 24, 2022 in Stuart, Florida.

Robin was born in Spring Lake, New Jersey, on May 5, 1950. Robin was an honor student, devoted wife, loving Mother and Grandmother. She met and married her husband of 55 years, Steve Brandon and they started their family in Pt Pleasant Beach, NJ. Her passions included Art, Music, Gardening and Trips with her family. Robin and Steve moved their family to Stuart in 1981. Robin was an active volunteer in the local community. Throughout her life she loved being around the Arts, serving on the Board of the Lyric theatre and Star program chair at the Lyric Theatre, receiving Outstanding Service award. Robin was honored to contribute her time to Martin County Council for the Arts developing the "Art is Everywhere" tour, an event that continues today. She served as Director for Jensen Beach Main Street and dedicated her time volunteering with Meals on Wheels and other charitable acts of kindness. Robin's great love in life was Family, Faith and Friends. She will forever be loved and remembered by everyone she touched.

Robin is survived by her beloved husband, Steve and five children: Stacy Wise, Christopher Brandon, Melissa Brandon, James Brandon, Stephanie Hayner and husband Benjamin. Robin had 3 granddaughters and 4 grandsons.

Deceased

Last Updated **12/11/2017**

John Joseph Higgins known to family and friends as "Johnny" passed away on Dec. 2, 2017 at the age of 67.

Johnny was born on February 12, 1950 in Newark, lived in West Orange before moving to Manasquan at the age of 15 in 1965. Johnny graduated from Manasquan High School along with his twin brother Jeffrey Higgins in June of 1968. Johnny worked at several restaurants along the Jersey Shore as a bartender and waiter, as well as Marathon FL and San Francisco CA. He and his brothers Jeff and Stephen also owned and operated a restaurant in San Diego CA.

Johnny had a great zeal for life, and his family. He was a loving son, brother and uncle, who planned and participated in birthdays, holidays and special events. He loved spending time at the beach, and with his family and friends.

Robert Thomas Kelleher, 65, of Setauket, NY died on June, 10, 2015 from complications of surgery. Bob was born in Englewood, NJ and moved to Manasquan at eight. He attended Bethel College in McKenzie, TN. After his family, Bob's second love was auto racing. He was well known in racing circles for his artwork and driver interviews, many of which were published in newspapers and magazines such as "Stock Car Racing" and even published his own coloring book, "Color Me Fast", which remains a collector's item among stock car fans from Maine to Florida. He was on the staff of National Speed Sport News. Among his most memorable interviews was that of Teo Fabi at the first Meadowlands Grand Prix in 1984. He also had a love for music, spending many hours in recording studios, lending his beautiful voice to songs on which he and his friends collaborated. Bob was also a walk-on in the movie "Ragtime" and will remembered for his many years as Santa Peddler's Village in Wall Township.

He was survived by his loving wife Karen;

johnwker.ker@gmail.com

Confirmed

Last Updated **12/2/2022**

Since shooting his first mountain bike photos in the spring of 1980, over 30 years ago, John Ker has become one of the most prolific photographers in the sport. Working for Mountain Bike Action magazine since November 1990, John has had more than 10,000 photos published in the magazine over the last 20 years, including over 150 Mountain Bike Action covers.

Shortly before his MHS graduation, John got his start in photography at age 17, in February of 1968, shooting surfing pictures in New Jersey with his father's camera. In late 1970, while on a surfing and motorcycling vacation in the Virgin Islands, John bought his first camera, a waterproof Nikon, and started shooting surf photos from the water. Before long, he was selling his surf photos to all the major surf magazines in the United States.

In 1976 and '77, John spent two summers shooting motocross photos in New Jersey, learning the ins and outs of shooting two-wheeled action. In late 1978, John headed to California to do freelance work until he could land a full-time magazine job. In the summer of 1979, John got hired as a photographer at BMX Plus!. In 1980, John got his start shooting mountain bike photos.

John worked at BMX Plus! for ten years, then became the principal photographer for Mountain Bike Action in November of 1990. He has been shooting the majority of the photos in that magazine ever since. It is a job that has allowed John the chance to travel across the U.S. and Canada, fly to Europe and Australia, and document one of the most beautiful and thrilling sports the world has ever seen. In the process, John has photographed nearly every major star in the sport over the last 20 years.

Jim McIlvain, the editor of Mountain Bike Action, wrote: "John has turned three generations of riders onto our sport with photos that capture the spirit, excitement and thrills of mountain biking. He has consistently captured the beauty that many people can only experience from the saddle of a mountain bike. John is a tireless perfectionist who can shoot photographers half his age into the ground...It would be hard to imagine a rider in the Hall of Fame whom John hasn't shot (and become friends with). The man has covered all the bases. John is truly one of the unsung heroes who has had a far greater impact on mountain biking than can be measured. He genuinely deserves the recognition that a place in the Mountain Biking Hall of Fame bestows."

Wow 50 years. After graduation I went to business school in Asbury Park. I must say it was a little scary leaving Manasquan and going to the big city. I graduated and went to work briefly for an accounting firm. Too boring for me so I went to work in the family business which I eventually took over.

I Have 3 wonderful children and one grandson. At the age of 42 I moved to North Carolina and purchased a beautiful home on Lake Norman.

I Continued my remodeling business in the area.

Divorced after 32 years, I met up with Janey Garrett and have been living in Wilmington for the past 12 years Through my relationship with Janey I have inherited three more wonderful grand children.

I have had a great life, met alot of wonderful people and traveled to many places.

I'm Looking forward to the future, hope the next 50 years are as interesting as the last 50.

Judith Lane Falkowski

---	---	--	--	---------------------------------

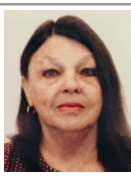

I graduated from Northwood University in 1972 with a B.A. in Business Administration. I returned home to join Larson Ford where I have been President for 30 years. I have held all positions in the Ocean County Dealer's Association.

I have served my community as a board member for 31 years at The Shelter Inc., an animal shelter in Bick township. I was a member of the Board of Adjustment in Wall, chairman of the Thunderbird District Monmouth County's Boy Scouts of America, past president of the Shore Area YMCA, co-chairman of the Wall Foundation for the Educational Excellence and President of the Jack Martin Scholarship Fund.

I Served on the Board of Directors of the Allaire Community Bank which I was one of the founding members. I was co-founder of the "Be the Beat You Are" baseball coaches' clinic. At present, I am trustee of the Jersey Shore Summer Basketball League, where Larson Ford has sponsored a team for 50 years.

The Larson Family was proud to have been honored by both the Manasquan High School Alumni Foundation and the Algonquin Arts Theater.

I have resided in Wall Township with my wife, Marie(graduate MHS Class of 1973) for 42 years. I have two sons, Paul, University of Vermont graduate, and Robert, University of Delaware alumni, and my daughter-in-law, Robert's Wife Karolina, a Monmouth University graduate. They all have good jobs and live locally!

---	---	---	---	---

After graduation, I attended Rutgers University and became a nurse. It was a career choice I loved. The majority of my career was spent with the Visiting Nurses of Central Jersey (MCOSS) where I had many a different roles.

I married Richard Breslin in 1977 and we have 4 wonderful children: Jennifer, Shannon, Richard and George. We have two treasures of grandsons, Ryder (6) and Benjamin (3). Richard and I are both retired and are fortunate enough to watch our grandchildren while Jennifer teaches. When not watching the boys we love to travel and there is always some new project around the house to complete. I have loved raising our family where I grew up.

Upon graduation I started nursing school in September and graduated May of 1971, got married in Sept of 1971. In 1974 I had a son, Greg, he has a son Max who is 10. In 1978 I had a daughter Meredith who has a daughter Aella, they live in Missoula, Montana.

I have worked in different fields of nursing, from floor nursing to public health and office nurse. I started working in the operating room in Pt Pleasant in 1990, now I am in a trauma hospital working in the operating room. I hope not to retire any time soon.

I do miss the jersey shore so I bought a little house in Brick and hope one day to be a snow bird.

My Dad is 93 and still goes to the gym. MY brother, Ray is a retired navy diver and now is a deputy with the bay county sheriff's office doing beach patrol and rescue, A few years ago he got deputy for the state of FI for 44 water rescues in a year. My other brother, Rob is a banker in Neptune, I am married to Tommy James.

Following MHS I attended Wake Forest University where I majored in Politics and wanted to become a lawyer. By my junior year I randomly chose to minor in education. It was a vocation I had never considered but quickly found my “fit”.

Thinking that I would teach only one year before applying to law school. I accepted an offer to teach at Manasquan. After one year of teaching Senior History, I loved what I did. I forgot about law school. Two years later I began my Masters at Monmouth University in the area of Education Administration. I went on to be an Assistant-Principal, A Principal and Assistant Superintendent with the title of Director of Curriculum K-12). In looking back, I enjoyed every bit of the 35 years spent at Manasquan High School making life-long friendships with my students and developing a meaningful rapport with the parents and community. I also served as the interim Wall High School Principal

I married my wife of 43-years, Nanci, who I met while working at Carlson’s Corner. We hve three children Michael, Melissa and Meredith who all attended Manasquan High School They all currently live in Winston-Salem, North Carolina with our five grand-children, only 3 ½ hours away.

Moving down to Wilmington, we have found our home of the past seven years to be in paradise. I am involved heavily here. I Chair the Wake Wilmington Alumni Club for Wake Forest, have served as an active member of the New Hanover County Juvenile Crime Prevention Council for the last six years, serve as an Advisory Board member of the Academy of finance at the Mosely Career Readiness School here and on the New Hanover County Work Group for the Creation of a new CTE High School.

I’m not able to make the 50th but my thoughts are with you and we invite you to contact us if you are ever visiting Wilmington, North Carolina.

		Confirmed	Last Updated 8/18/2023	Significant Other: Elwood Malick

I'm so looking forward to seeing everyone at our 50th Reunion! I am retired after a long career as a R.N.

After high school, I attended Methodist College in North Carolina only to return to NJ to study nursing, and raise two children! I worked in area hospitals, was a camp nurse, worked in a doctor's office and did private duty, all as my boys were growing up! I was active in Boy Scouts, coached Bidy Basketball and a street hockey team and was a band mom as Danny and Tommy were growing up. I was active in my church, a member of Junior Women's Club, the Board of Health, Planning Board, and Recreation all in my hometown of Spring Lake Heights.

After many years of hospital nursing, I then worked for Monmouth County Vocational School, where I taught Practical Nursing for 12 years and then continued at MCVSD's Academy of Allied Health and Science High School as the school nurse and taught Community Health. While at MCVSD, I was certified as a CPR instructor and maintained faculty status at University of Medicine and Dentistry New Jersey, Scotch Plains campus.

I was active in my hometown of Spring Lake Heights: I was elected Treasurer and President of the PTA, elected to the Board of Education, and was elected to the town council, where I was also President of the Council..

I remarried 11 years ago, to Elwood Malick, also a MHS graduate and consider myself very blessed. We continue to live in Spring Lake Heights.

I am retired from MCVSD, but have two "side-jobs". One is as a school nurse at a catholic school in Asbury Park, where I work during the school year, one day a week, from 9am-2pm! My other job is a "summer" job on the Spring Lake boardwalk as a beach badge seller.

After MHS, I headed to Middlebury College, VT, and fell in love with New England. After college graduation, I came back to NJ for a couple of years, and worked at the NJ Department of Community Affairs in Trenton. Then New England called again, and I headed to Boston, receiving my MBA from Boston University. From there, I had an exciting 13 year career with a great company, Digital Equipment Corporation, a computer manufacturer based in Massachusetts, with opportunities to travel to Germany, Ireland, and Canada for work. I married a colleague, settled in Westfield, MA, and raised a stepson, Christopher, my daughter, Jennifer, and my son, Alexander (8 years in between each one, which proved to be interesting).

When our company was overtaken by competitors, and my Dad was suffering from Parkinson's disease, we moved to South Jersey, to be closer to my parents and older brother and family who had moved to Brielle (who have since moved to the eastern shore of MD). My parents, older brother and sister-in-law and nephews, were my only connections to the Manasquan area for many years, visiting them as often as possible while they struggled with my Dad's illness.

After several years of navigating through a divorce, single parenthood, and a few part-time endeavors, I made a career change to the non-profit world. I spent 14 great years in special event management with the American Cancer Society, and since 2016 have been with Autism Speaks, as a Sr. Director, Field Development, for eastern PA and South Jersey. I find myself traveling to Orlando often these days during my time off, where my awesome 4 year old grandson, William, lives. I still love New England, and travel to VT when I can, where my other brother and my 2 nieces live, and to CT and Cape Cod to spend time with college friends, but I have also grown to appreciate living in the Garden State!

I have definitely been out of touch, and am looking forward to reconnecting with all who will be at reunion.

Bob passed away in July of 2016 after fighting a most courageous battle with cancer. We had talked about going to a 50th class reunion and had planned to attend if there was one. He loved growing up at the beach in Belmar and of course loved to surf. He spoke of his Manasquan friends so often, especially Butchie and often shared their boy scout and camp adventures with me. Bob left behind his 3 children, Kerry, Amanda and Annie, 4 grandchildren and me Becky, his wife of almost 45 years. He was a graduate of The University of South Carolina, as was I and all 3 of our children. He was a construction superintendent in the Washington DC area with Clark Construction for nearly 40 years building many impressive and well known buildings. He built us a beautiful home on the waterfront just outside of Ocean City Md. where he retired in 2014.

Upon graduating from Rutgers University with a BS in marketing, I spent 10 years working for the Miller Brewing Co. (a Fortune 100 company per parent company Philip -Morris). In the 10-year employment I was involved with the sales and marketing of MCo brands in many markets. My primary focus was the execution of the corporate marketing and advertising strategy in the retail landscape and ultimately the consumer. During my employment I relocated 5 times. My last position was as southeast Regional Sales manager based in Falls Church, Va. I was awarded the "President's" award for the year 1986 which acknowledged the #1 marketing rep for the company in the USA.

In 1987 I became an equity partner with the "Coastal Beverage Company" located in Wilmington, NC. My position was VP of sales- marketing. I worked at "Coastal" for 30 years.

Due to beer industry wholesaler consolidation in the late 90's and early 2020 period, Coastal Beverage became the consolidator. Resultantly through acquisitions and organic growth "Coastal" realized significant revenue growth in the 38-county eastern NC footprint. I was very fortunate to have several great mentors and "luck" in my career path.

I partially retired in 2016 and fully retired July 1, 2020.

I have one daughter (Heather) and 2 grandchildren who reside in Chapel Hill, NC.

Since retirement Mary Etta and I have done extensive traveling to Europe, Canada and much of the USA. My interests are community volunteering, climate control advocacy, wildlife conservation-preservation and "craft" beer sampling.

Married to Jim Anderson for 45 years so far!

Education:

- Cedar Crest College, BA in Psychology, Certification in Elem Ed
- Marywood University, Masters in Education

Work: 40 years in the Early Childhood Education field

- Preschool Child Care Teacher and Center Director
- Director of Operations for a large non-profit with 22 child care locations
- Early Childhood Education Instructor at community college level

Jim and I lived in eastern Pennsylvania (Lehigh Valley and outside Philadelphia) for almost all of our working years. We were fortunate to be able to travel a lot in the US and overseas and continue to do so as much as possible.

Jim grew up working in restaurants and always wanted one. We have been involved in two restaurants with my family, first in Spring Lake – Sisters - and currently Marigold in Spring Lake Heights.

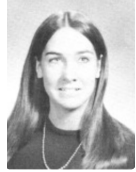

Although we lived in PA our families remained here at the shore and we spent a significant amount of time here. As was always our plan, in 2012 we moved back to NJ full time. I love the ocean and the beach and go as often as I can. We enjoy spending time with our families and friends. We love eating out and entertaining. It has been fun to re-connect with high school friends during this reunion process.

I attended Marymount College of Virginia and graduated from Marymount Manhattan in 1972. I became a teacher in West Long Branch in 1973. While teaching I became a part-time Realtor obtaining my license in 1981. Real estate became my passion and I earned my Broker's license in 1988. That same year a Spring Lake Realtor was selling her business and I quickly bought it...teaching during the day and working nights and weekends. I met my future husband. Jim Barry, a former Hall of Fame Georgetown basketball player, then a brilliant practicing attorney. I finally resigned from teaching and in 1998 was married to Jim, the love of my life. While my personal life was perfect, so was my professional one. My agency became one of the most successful in the area. I have won many real estate awards and served as president of the South Monmouth Board of Realtors. Jim and I purchased a get-away home in Palm Beach and enjoyed many rounds of golf there as well as here at Manasquan River Golf Club. In 2011 Jim was diagnosed with Alzheimer's disease and the biggest challenge of my life began Through love and devotion to him, I was able to keep him at home. He passed away in 2015. This year I celebrated my 30th anniversary of owning my real estate agency. I hosted a party for the reunion weekend and was happy to do it. Look forward to repeating the celebration in 2023!

1950 - 2017 Robert Patterson known to everyone as "Bob" or "Bumpy" to close family and friends, 67, of Augusta passed away on Nov. 2, 2017 at Maine General Medical Center in Augusta surrounded by the love of his family. Bob was born in Salisbury, Md. on Sept. 16, 1950 to Horace and Ethel Patterson.

He was formerly of Spring Lake Heights, N.J. then married and moved to Wall, N.J. with his family where he lived for 27 years.

Bob has been a member of St. James Episcopal Church of Bradley Beach, N.J. since 1972. He was also a member of the Plumbers and Pipefitters Local 9 of Englishtown, N.J. Since June 22, 1970, and spent his career as a pipefitter. Upon his retirement he and his wife made their dream move, to their Maine paradise on Three Cornered Pond in Augusta.

Bob loved spending time in his and his son's shop Timeless Treasures, and the Gun Shop of Hallowell. He enjoyed going shooting at several local shooting ranges with his children, grandchildren and lifelong friends Richard Getchell and Chuck Gunderson. In addition he loved piloting family and friends around their beautiful lake in the pontoon boat and listening to the loons.

Bob was predeceased by his son Jared Patterson. He is survived by his loving wife Gay Patterson; son Adam Patterson and his wife Mary of Augusta, daughter Gabrielle Krol and her husband Scott of Toms River, N.J.

Last Updated **9/20/2022**

After graduating from Manasquan, I attended Trenton State College and graduated in 1972 with a B.A. in English Education. I did my student teaching at Wall High School, but I married right out of college, and actually never used my teaching certificate. I moved to Wyckoff in Bergen County and worked in Personnel/Human Resources at several large companies in New York City: a large Furniture Retailer, W&J Sloane on 5th Ave.; the New York office of The Mitsui Bank; and then, ISO, Insurance Services Office.

After several years, I stopped working to raise my three children: Jeremy, Christina & Marielle Henderson. We eventually moved back to the shore and lived in two homes in the Manasquan section of Wall. I belonged to the Manasquan-Wall Junior Women's Club and was Treasurer of that organization for several years. After a few years, we moved to Westfield to be closer to my husband's work and I fell in love with that town. I was active in the Girl Scouts and Cub Scouts there. I eventually left when I was divorced and moved to South Brunswick. When I returned to work, I started at a small law firm and then worked for Merrill Lynch for 10 years in the Legal Department of the Insurance Group. At that time, I earned a paralegal certificate from Middlesex County College.

I have been working at the same law firm in Princeton now for close to 15 years and am looking forward to retiring in the next couple of years. I recently moved to Monroe Township and I love this community. In my spare time I love to read, quilt, try new recipes, do any type of needlework, work out at the gym, and spend as much time as possible in my beloved home town of Spring Lake, walking the boardwalk and relaxing on the beach in the summer. I also have one precious grandson, Julian. I may not live at the shore any longer but my heart is there. I am also very proud of the long history of my father's family in the Manasquan and Allenwood areas, which is the main reason I took back my maiden name after my divorce. I still remember when my father and mother attended his Manasquan High School reunion many years ago and I treasure the picture from the Coast Star. I vowed at that time to attend my reunion as well.

One of my favorite quotes: Time flies whether you are having fun or not! So here is a brief 50 year summary.

Graduated from Albert Einstein Medical Center School of Nursing, Philadelphia in 1971, licensed as an Registered Nurse, worked at Children’s Hospital of PA and then moved to Syracuse-Upstate Medical Center where I was trained by the Pediatric Chair as a Nurse Specialist in Pediatric Hematology/Oncology and became Certified as an Ambulatory Nurse Practitioner.

Fell in love and moved to Branford, CT with my soon to be husband. Worked at Yale New Haven Hospital as a Nurse Practitioner in Pediatric Hematology/Oncology. Moved to Guilford, CT, married, had a son, named Owen Searles Buckley, who is now married and lives with his beautiful wife, Katie, in Manhattan. In the meantime, I returned to college, got a BS from Southern CT State University (it was still a college back then), onto the University of Hartford for a Masters of Science in Nursing. Taught clinical pediatric nursing at Yale for Gateway Community College and practicing as a School Nurse in an upper middle school in Madison.

Still love my sports, currently competing in Pickleball (if you have to ask youtube pickleball 101 and see for yourself) a booming sport for the family!!! Three dogs that hike, walk and swim with me. Finished my first sprint triathlon, now that is off the bucket list! Bike ride for fun and charity. Play women’s volleyball, platform tennis and I’m tired. Have remarried to Harald, call me Hai Foellmer, added three adult kids with spouses and two grandkids.

 	Claudia Stauder Pincus Brick NJ	Sea Girt	FB X
	Deceased	Last Updated 6/8/2019	

Claudia was born on May 2, 1950 and passed away on Wednesday, May 15, 2019.

Claudia Stauder Pincus, 69, of Brick, NJ passed away May 15, 2019 in Bel Air, MD with her loving family by her side after a brief but brave battle with cancer. Born May 2, 1950 in Neptune, NJ Claudia was a local shore resident her entire life. She was a graduate of Manasquan High School and attended Marymount College in FL, and graduated from Lyons Institute in Newark, NJ. She served as manager of the Stauder Cottages in Spring Lake Heights and was part owner of Pincus Construction. She was retired from the NJ Turnpike Authority after over 20 years of employment. Claudia was very involved in her community, serving as the first female chairwoman for the Manasquan Board of Adjustment, MES PTO Executive Board, Recording Secretary of Ocean Ski Club and a communicant of St. Denis Church. She also held membership for the IFPTE Local 194.

Claudia was predeceased by her beloved son, William G. Pincus, and her parents William J. and Eleanor Conroy Stauder. Surviving are her four children, Alison Pincus of El Segundo, CA; Heather Pincus of Farmingdale, NJ; Robert J. Pincus of Manasquan, NJ; Amanda Mikolajczak and husband Steven of Bel Air, MD.

After graduation, I went back to working my summer job at Hemphill's Seafood where I had worked the previous two summers. In the fall, my parents dropped me off at my dorm at Montclair State College and we ate a not so satisfying lunch at the cafeteria. My parents could only afford to pay my board and tuition for one year. In my sophomore year I became a Resident Assistant and got a free single room. I worked part time in the cafeteria. I played guitar with a drummer and keyboard player at local bars. I was a late night DJ on the college radio station, playing mostly jazz and blues records. I graduated with a degree in Biology with a minor in Organic Chemistry.

After graduation, I decided to hitchhike across America and play guitar on street corners and in saloons. Dave Hulse drove me up to Rt. 35 and dropped me off to start that journey. I spent more than a year on the road in interesting towns and cities like Nashville, New Orleans, Los Angeles, San Francisco, etc. Coming home, hitchhiking near Manasquan, who should pick me up and take me the last two miles but Dave Hulse!

Got married and divorced. Met my second wife in Maryland where we were both working.

- The working Years:
- Indiana General, Keasby, NJ 1973-1976
- Worthington Diagnostics/Millipore Corp. Freehold, NJ, 1976-1979.
- Relocated to Cidra, Puerto Rico for Millipore 1979-1982.
- Alharma USPD 1983-1991
- Chesapeake Biological Laboratories (CBL) Baltimore, MD, 1991-2000
- Parenteral Drug Association (PDA) Bethesda, MD, 2000-2004
- Becton Dickinson, Sparks, MD, 2004-2005

I am now retired and living in Milton Delaware. I volunteer as a docent for the Milton Historical Society, and was the staff photographer for the Milton Farmers' Market.

After MHS I received a Bachelor of Environmental Design in '72 and a Master of Architecture in '74 from Texas A&M, I married Rena San Giacomo (MHS'69) in 1972 and joined RTKL Associates in Baltimore in 1974, where I started as a designer and moved on to large scale master planning, project management and finally as a design principal. I held national certification and was licensed in 10 States. Along the way, in the early 80's I designed and coded computer aided design systems and in the 90's, developed building security methodologies for the IC. I was the 2002 Urbahn Medalist for notable contributions to architecture from the Society of American Military Engineers; was elevated to the AIA College of Fellows and named an Outstanding Alumnus of A&M's College of Architecture. In 2013 I retired from RTKL as a Sr.VP & Board Member. In 2023 I was inducted into the MHS Academic Hall of Fame.

I was honored to serve as Executive Architect of design for reconstruction of the Pentagon after 9/11. My portfolio includes the U.S. Capitol Visitor Center, Headquarters campuses for the National Geospatial-Intelligence Agency, the Defense Threat Reduction Agency, the National Ground and National Maritime Intelligence Centers, and Rehabilitation of the national historic landmark Bancroft Hall complex and Preble Hall the museum of the Naval Academy. During my career I chaired or served on national committees on computers in architecture, architectural research, tall buildings and building security. I taught, published and lectured at universities, professional organizations and government agencies. I also planned &/or designed office, retail, museum, data & command centers and research facilities including campuses for IBM, UVA and JHU.

I was very fortunate to have had some great mentors during my career and a lot of luck. I did things I could have never imagined when I left MHS. Over the years I enjoyed SCUBA and cave diving, biking and sports car competition. Since 1996 I've collected antique architectural drawing instruments. A member of the AIA, Scientific Instrument Society (London), and the Porsche Club; I enjoy cycling, photography and travel, especially to the UK and Italy. From 2010 to 2017 we served as sponsor parents for 2 Midshipmen at the Naval Academy, a wonderful experience. One is now a consultant in DC, the other is flying FA-18's off the Nimitz. In 2018 after 44 years in Maryland we designed & built a new home in Wilmington, NC, enjoy the beach again and do not miss the ice and snow! Looking forward to seeing everyone in October.

After 3 years as a premed student majoring in English at the University of Wisconsin - where the hint of tear gas was often in the air, I realized I really did not want to be a doctor. And having no answer to the question: "what does an English major do after graduation?" I decided to take a year off to decide what to do for my final semester.

And besides, that would give me the time to finish writing the Great American Novel while working part-time, and using the settlement money (from the accident that killed Mike Zajkowski) to support myself. Unfortunately, among those who were living on the beach in winter rentals, there was a member of the Pagan's Motorcycle Club (Pagan MC), his wife who wore a denim cut-off with "Property of Heavy" embroidered on the back, and their 7 year old son - to a young budding author very interesting people. Long story short: I finished the novel which my sister liked, but I hated. I bought a chopper & eventually married "Property of Heavy." Spent 9 years hanging drywall, until I tripped over a piece of metal conduit while carrying an 82 lb board of sheetrock which led to surgery, bankruptcy and the end of my dark years.

A devoted guy at NJ Rehabilitation got me to back to school, where I eventually fell into computer programming. Got divorced, worked for the Asbury Park Board of Education programming COBOL for 6 months where I met wife #2, and started my real career at EAI in West Long Branch programming full scale Nuclear Power Plant simulators. A few years later I got two job offers: one programming data acquisition systems for trucks and one at the Oyster Creek Nuclear plant. I accepted the 1st but changed my mind that night when it struck me that if nuclear power wasn't safe, I was exactly the kind of person who needed to be there, skeptical and not subject to intimidation (being a 6'4" ex-sheetrocker).

Fast forward: 3 years at Oyster Creek, 2nd divorce, reverse vasectomy, 3rd marriage & son born seven months later in 1988, 7 years as the Principal Engineer/Supervisor of the Digital Systems Group for PSEG Nuclear's Salem Units 1&2 and Hope Creek nuclear plants, where I learned to do Root Cause investigations and completed course work for a Master's in English (technical rhetoric).

Third divorce, I get custody of my son

Started my own consulting firm in 1997 specializing in the detailed technical reviews, hazards analysis, and Abnormal Conditions and Events evaluations of digital instrumentation and control systems utilized in nuclear plants - as well as helping clients to meet all the NRC regulations

Spent 16 years on the Outer Banks of NC - five miles north of the Wright Brothers Memorial, and moved to Oak Island in August 2017. Still working with hopes of retiring before I die. I've been married to my fourth wife for 25 years, enjoy

Confirmed Last Updated **7/15/2018** Significant Other: William

Immediately after high school, I went to college as many of us did. However, it took me twenty years to complete my degree in Business Administration and Sociology. During those years, I married, had two beautiful children (a son and a daughter), divorced and worked on raising the children as a single mom. I was listed in Who's Who of American College Students and was inducted into Alpha Sigma Lambda (honor society at Northwestern University).

I retired in 2012 from Verizon after spending my career at various companies as a Project Manager. During my working years, I had little time for anything but the kids and their activities. I became an associate of the Order of St. Helena's in the 1990's which provided much needed breaks when the kids were older. In 2015, I graduated from the The University of the South, School of Theology in the Education for Ministry Program. It is a four year program for lay ministers.

I remarried in 1999 and we became parents to three children. Our children have married and we are the proud grandparents of six. Their ages range from 15 down to 4 which provides for many busy moments. We are both retired now and keep busy with volunteer work, the family and house repairs.

Deceased

Last Updated **1/1/2017**

William Steven Weise, of New Fairfield, CT, passed away Sunday, December 14, 2014 at age 64. Steve was active as a thespian, a musician, and was an Eagle Scout with the God and Country Award. He was a scholar and an athlete, particularly tennis. His early love for flying airplanes sent him on to graduate from The United States Naval Academy Class of '73. After graduation his first assignment was as a flight instructor at Pensacola. He was then stationed at Brunswick Naval Air Station in Maine flying the P-3 Orion, identifying and tracking Soviet submarines in the Atlantic. While stationed in Maine he met his wife, Heidi. After active duty, Steve became a Captain with American Airlines, and continued flying as Commander with the Navy Reserves.

Steve was a proud father of two daughters, Stefanie and Grace. Steve was a great lover of music and he was a ranked Middle Atlantic States Tennis player and gymnast.. Steve was also a collector of celebrity autographs that he obtained from passengers on his NYC-LA flights.
